ABOUT ME

A dedicated and self motivated Web Developer with 1 year of professional experience in software development, passionate about building innovative and efficient web solutions. Possess strong problem-solving abilities, a continuous learning mindset, and a commitment to delivering high-quality results. Seeking a challenging opportunity in a reputable organization to contribute my skills and grow as a developer.

PROFESSIONAL EXPERIENCE

CODESAP TECHNOLOGIES LLP, UL CYBERPARK, CALICUT- Python Developer **Present**

- Contributing to product-based applications including StudyJam, Edusap, and Upagram, focusing on feature development, optimization, and backend architecture.
- Developed and maintained web applications using Python and Django, focusing on performance, scalability, and security.
- Actively involved in Learning Management System (LMS) product development, building and enhancing modules for scalable educational platforms.
- Collaborate on frontend integration, bug fixing, feature enhancements, and deployment support across multiple live products.

NUOX TECHNOLOGIES, HILITE BUSINESS PARK CALICUT- Python Developer **02/2025-06/2025**

- Developed and maintained web applications using Python and Django, focusing on performance, scalability, and security.
- Contributed to two major live projects: Alpago Design & Build and Collection-A, handling core backend logic, API development, and frontend integration.
- Designed and implemented RESTful APIs to facilitate seamless data exchange between frontend and backend systems.
- Ensured clean, maintainable, and secure code by adhering to industry best practices and Django development standards.

EDUCATION

Government College of Engineering Kannur **2021-2024**

- B.Tech in Computer Science and Engineering

Kerala Government Polytechnic College Kozhikode **2018-2021**

- Diploma in Computer Engineering

TECHNICAL SKILLS

- Python
- Django
- REST API
- React
- Git
- Ajax
- PostgreSQL
- MySQL

PROJECTS

StudyJam – SaaS Based Learning Management System (LMS)

- Contributed to the development and enhancement of a product-based SaaS Learning Management System (LMS) serving scalable education solutions.
- Performed unit testing to ensure code quality, reliability, and application stability.
- Collaborated in developing and maintaining backend modules, APIs, and system optimizations for the LMS platform.
- Actively handled bug fixing, issue resolution, and performance improvements across the product.
- Implemented Social Authentication integrations for secure and seamless user login experiences.

Upagram –Learning Management System

- Contributed to the development of Upagram, an online learning and course marketplace platform similar
- to Udemy.
- Worked on a multi-role platform supporting Content Providers (Instructors), Learners, and Admin Management.
- Contributed to modules that allow Content Providers to create, manage, and publish courses, upload learning materials, and monetize their content.
- Developed and enhanced Learner functionalities including course browsing, purchasing, enrollment, progress tracking, and certificate access.

Alpago Design & Build Website – Dubai Builders Project

- Developed and maintained the backend of a professional website for Alpago Design & Build, a prominent builder of apartments, villas, and commercial spaces in Dubai.
- Worked with Python and Django to build robust backend functionalities, ensuring secure and efficient data management.
- Implemented user management and dynamic content updates for real-time property listings and client interactions.
- Focused on optimizing performance, integrating admin control features, and maintaining clean code architecture to support future scalability.

ACTIVITIES & ASSOCIATIONS

2023-2024

- Technical Coordinator - IEEE GCEK

2022-2023

- Design Team Member - IEDC GCEK

2022-2023

- Member of ISTE (Indian Society for Technical Education)

CERTIFICATION

Full Stack Development Course -

- Completed internship in the field of Junior Full-Stack Developer from Luminar Technolab, Calicut (9 Months)

ACHIEVEMENTS

- AKPA Photography Contest - 2nd prize
